

Product: Nutribullet Blender Combo made by Nutribullet

User Profile: The average user is a homeowner between the ages of 30 and 65 with a high school senior reading level.

Deliverable: This section is from the “Getting Started” leaflet included with original packaging.

## Attaching the Blade Assembly

You must attach the Blade Assembly to the Blender Base before you begin food processing. When the Blade Assembly needs to be cleaned after each use, refer to *My Nutribullet Manual*, p.8.

### Required Items

- Blade Assembly
- Blender Base

### Caution

Blades are very sharp. To avoid injury, handle Blade Assembly along the grooved edge.

Grooved Edge

- Step 1: Pick up the Blade Assembly by the grooved edge.
- Step 2: Place the Blade Assembly on top of the Blender Base on the platform just above the control buttons. Make sure the Blades are facing up.
- Step 3: Slowly twist the Blade Assembly clockwise.
  - A loud click will be heard when the Blade Assembly locks into place.

When complete, your Nutribullet will look like the illustration to the right.
